

Secure **eDiscovery** for Legal & HR Teams

Support legal inquiries and human resources case management.

Built on our trusted backup and archiving foundation, SpinOne eDiscovery eliminates the need for duplicate tools and helps cut licensing requirements for offboarded users.

When suddenly faced with an investigation, you need more than searchability. You need internal case privacy and a platform you can trust.

eDiscovery from SpinOne gives you a single, streamlined platform for all legal and investigative workflows.

Advantages of eDiscovery from SpinOne

Reduce Subscriptions and Vendor Management Burdens

Make your life easier by consolidating backup, archiving, and eDiscovery services into a single platform.

Leverage our Trusted, Secure Backup & Archiving Architecture

Use the same secure platform that is already protecting your data.

Proactive Protection for Legal Data

SpinOne includes platform security, redundant storage locations, and compliance with numerous frameworks.

Key Benefits of SpinOne eDiscovery

Vendor Consolidation & Cost Savings

Replace multiple tools with a single solution.

Role-based Access Control & Data Encryption

Keep data and investigations secure and private.

Choose Your Own Expiry Date

Set cases to expire or stay open indefinitely.

Instant Search & Query

Search and filter across all your backed-up data.

Case Privacy & Access Control

Only select users have access to cases, including admins.

Easy Deployment & Management

Deploy and use in minutes; no special expertise required

Trusted by over 1500 organizations & millions of users worldwide.
